Summit Public School: Denali

California Department of Education
School Accountability Report Card
Reported Using Data from the 2016-17 School Year

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC).The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at http://www.cde.ca.gov/ta/ac/sa/.

- For more information about the LCFF or LCAP, see the CDE LCFF Web page at http://www.cde.ca.gov/fg/aa/lc/.

- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Mr. Kevin Bock, Executive Director

📍 Principal, Summit Public School: Denali

About Our School

Summit Public School: Denali (Summit Denali) is a 6-10 school founded in 2013. The school is growing and will add one grade-level per year until it is a 6-12 school. Summit Denali has a county-wide charter from Santa Clara County and is located in Sunnyvale. Summit Denali's mission is to prepare a diverse population for success in a four year college and to be thoughtful, contributing members of society. Summit Denali focuses on personalized teaching and learning to realize its mission.

School Description and Mission Statement (School Year 2017-18)

Summit Public School: Denali is a public charter school authorized by the Santa Clara County Office of Education. Denali welcomed its first class of 6th graders in August of 2013, and will continue to add one grade level per year until fully grown to grades 6 - 12. Denali is part of the network of high performing Summit Public Schools.

OUR MISSION
Since our founding, we have remained steadfast in our mission - to prepare a diverse student population for success in a four-year college or university, and to be thoughtful, contributing members of society.

We believe deeply that every student is capable of college and career readiness and should have access to high-performing public schools to prepare them for success in college, career and life.

While some students will select career paths or community colleges, the preparation for attending a four-year college will help them avoid the academic and skill deficit that results from placement in a non-college prep, high school diploma program.

These children are our future and it is our responsibility, as the public education system to prepare them to be active, productive citizens.

THE SUMMIT EXPERIENCE
We ensure that every minute of every day is a high quality learning experience for our students.

We focus on developing our students' in the Four Elements of College and Career Readiness, as well as the core characteristics of respect, responsibility, courage, compassion, integrity and curiosity. Our program consists of the following elements:

Project Time: Our students are innovators, creators and problem-solvers. They develop these invaluable skills by participating in rich and collaborative deeper learning projects and experiences facilitated by our outstanding teachers.

Mentor Time: Our students have mentors who individually support them through their goals. Students lead weekly 1:1 meetings with their mentor, where they review their Personalized Learning Plan, track their progress and reflect on their learning. Mentors also serve as college counselors, coaches and family liaisons, ensuring their mentees are excelling inside and outside of the classroom every day

Personalized Learning Time: Summit students learn their academic content at their own pace, and in the style they learn best. They learn through a combination

of playlists, peer-to-peer coaching and 1:1 tutoring from their teachers. Each week, our students set goals, make a plan, learn, show what they know and reflect.

Summit Reads: Arguably the most important skill needed for college and career success, our students participate in dedicated time each day to improve and strengthen their reading. Together with their larger Summit community, they develop literacy skills, models perseverance and develops a life-long love of reading.

Summit Solves: Like reading, students at all performance levels benefit from consistent math practice. Summit Solves is a dedicated time of each day where students practice math using online tools, teacher tutoring, and peer tutoring.

Community Time: Our students meet together each week in small, collaborative groups to engage in discussions about issues that are important to them. These dialogues underpin the Summit community's core characteristics of respect, responsibility, courage, compassion, curiosity and integrity, while exploring topics such as vulnerability, motivation, and self-advocacy."

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Teacher Credentials

Teachers	School			District
	2015-16	2016-17	2017-18	2017-18
With Full Credential	14	11	20	
Without Full Credential	0	5	6	
Teachers Teaching Outside Subject Area of Competence (with full credential)	0	1	0	
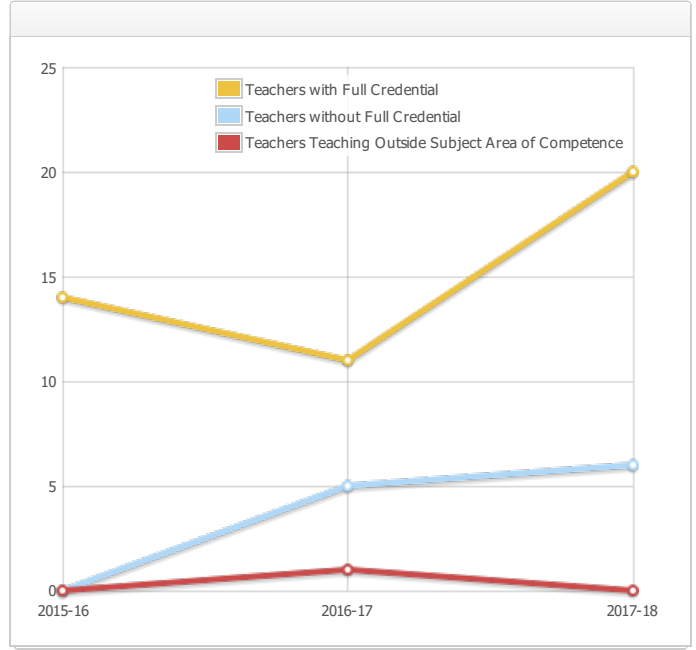

Last updated: 1/30/2018

Teacher Misassignments and Vacant Teacher Positions

Indicator	2015-16	2016-17	2017-18
Misassignments of Teachers of English Learners	0	0	0
Total Teacher Misassignments*	0	0	0
Vacant Teacher Positions	0	0	6
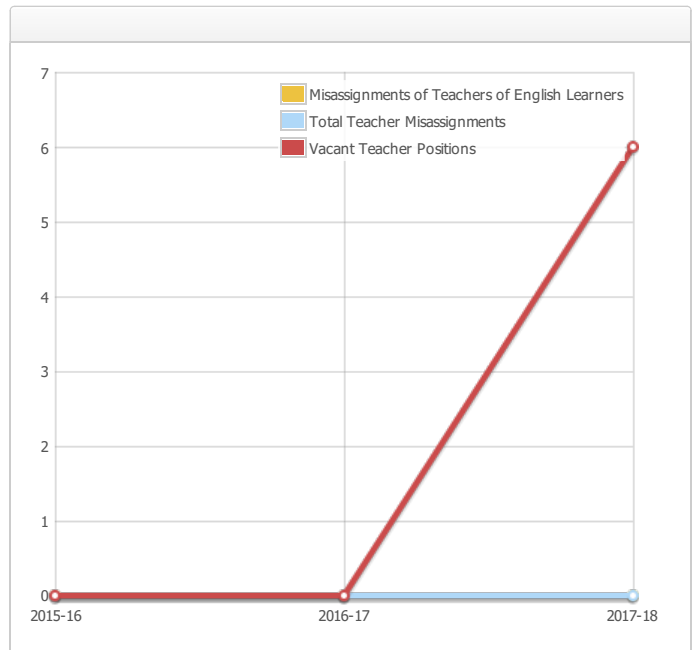

Note: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

* Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

School Facility Conditions and Planned Improvements

Summit Public School Denali is located at 539 E Weddell Drive in Sunnyvale in a newly renovated, privately leased building. As a newly renovated building Denali is in compliance with all fire, safety, and seismic codes (including fire sprinklers). The building is a single-story, open-concept floor plan, with a variety of student and faculty work spaces and offices. Additionally, there are two portable classrooms adjacent to the main building. These are also fully compliant with all safety codes. In 2017, a second campus site was added, at 1012 Linda Vista, also in Sunnyvale. This site is equipped for 200 students and was designed to be equal in amenities to the Weddell location.

The school is equipped with a robust wireless Internet network that supports all students and staff in a 1:1 laptop environment. Both buildings are equipped with a burglar alarm system.

The facilities are open, bright, and colorful, making for an innovative-feeling learning environment. Summit Denali contracts directly for custodial services and the facilities are cleaned on a daily basis.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and

- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in ELA and Mathematics for All Students

Grades Three through Eight and Grade Eleven (School Year 2016-17)

| | Percentage of Students Meeting or Exceeding the State Standards | | | | | |
| | School | | District | | State | |
Subject	**2015-16**	**2016-17**	**2015-16**	**2016-17**	**2015-16**	**2016-17**
English Language Arts / Literacy (grades 3-8 and 11)	67%	73%	47%	46%	48%	48%
Mathematics (grades 3-8 and 11)	59%	65%	44%	45%	36%	37%

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Last updated: 1/30/2018

CAASPP Test Results in ELA by Student Group

Grades Three through Eight and Grade Eleven (School Year 2016-17)

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded
All Students	318	312	98.11%	72.58%
Male	180	177	98.33%	65.14%
Female	138	135	97.83%	82.22%
Black or African American	--	--	--	
American Indian or Alaska Native	--	--	--	
Asian	66	64	96.97%	95.31%
Filipino	--	--	--	
Hispanic or Latino	108	106	98.15%	49.52%
Native Hawaiian or Pacific Islander	--	--	--	
White	86	84	97.67%	84.34%
Two or More Races	43	43	100.00%	81.40%
Socioeconomically Disadvantaged	96	94	97.92%	39.78%
English Learners	75	74	98.67%	49.32%
Students with Disabilities	27	25	92.59%	24.00%
Students Receiving Migrant Education Services				
Foster Youth				

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Last updated: 1/30/2018

California Physical Fitness Test Results (School Year 2016-17)

	Percentage of Students Meeting Fitness Standards		
Grade Level	Four of Six Fitness Standards	Five of Six Fitness Standards	Six of Six Fitness Standards

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Last updated: 1/30/2018

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite

Opportunities for Parental Involvement (School Year 2017-18)

Summit Denali recognizes that students learn best when parents are involved in their learning and their learning community. Almost all current research indicates that parental involvement is among the most important ingredients to student success. Accordingly, Summit Denali actively reaches out to parent to encourage them to be involved in the school in many ways. The mission of the Denali Parent Organization is to be an inclusive, effective, and self-sustaining team that supports the mission of the school. The Denali Parent Organization is set up around a team structure, including the following teams: Leadership, Athletics, Mentor Group Liasons, Facilities, Parent Education and Fundraising. The parent organization is responsible for coordinating volunteer event and activities. Some examples of volunteer opportunities include:

- driving, chaperoning, or helping to plan the school camping trip

- helping to serve lunch and supervise during recess and lunch

- doing data entry, mailings, translation, and other community outreach

- assisting with open houses and other recruiting events

- assisting with school clubs and sports

State Priority: Pupil Engagement
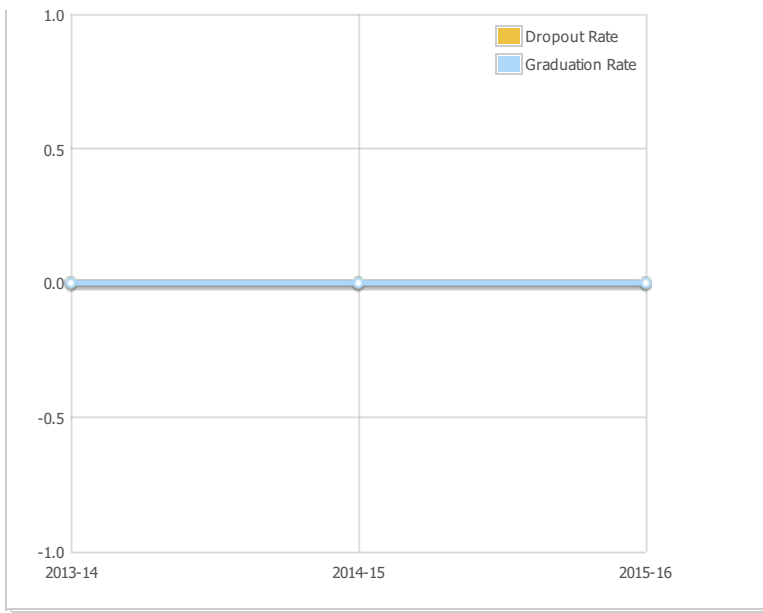

Last updated: 1/30/2018

School Safety Plan (School Year 2017-18)

It is the policy of Summit Public Schools to strive for the highest safety standards and to provide a safe workplace for all employees and a safe school for all students.

School Safety plans are located in the front office, and includes procedures for fire drills, earthquake drills, shelter-in-place drills, chemical release incidents, and intruder incidents, including appropriate evacuation drills. The safety plan is reviewed and updated each August, and faculty receive training in August, and ongoing as needed.

Types of Services Funded (Fiscal Year 2016-17)

At Summit Denali, we have many different types of programs and services available at the school that support and assist students. Those are:

Office Hours - after school, there are about 6 hours per week where students can come get support from their teachers and peers outside of the regular school day. During these office hours, teachers are available to support students in their learning of content, practice on skills they haven't mastered yet, or to get work done in a quiet and safe place.

Foundations- in order to address foundational knowledge and skills gaps, our school offers support and development for English Language Development, Numercy and Defined Learning Needs by providing intervention times structures, instructional resources and programs. We use programming to provide foundational literacy skills such as decoding and phonological awareness through Lexia Reading Core; oral fluency building through Reading Plus; numeracy intervention through ST Math and targeted small-group teacher facilitated direct instruction. In order to target the correct intervention, we use data from external assessments and core classes.

Flex Time- each week students have access to course interventions and course extensions. This is a structured time offered by our core teachers to support student success and foster student interest in all subjects.

Peer tutoring - during the day, as well as after school, we also have times where students support other students academically. The peer tutoring club is something driven by students, and is used widely by students to get help on content or skills for their courses.

Mentor Check ins - every student, every week, has an extended check in with their mentor. During this check in, mentors use this as an opportunity to support students in goal-setting, making plans, advocating for them, and how to improve their learning habits. This is a structured time where mentors can get at the root causes of why students need support.

Data - we also have a dedicated time for teachers to look at achievement data and meet in teams to dissect and make plans for students who need support. Every week, there is a time for data to be looked at to help students make plans, identify students who need more targeted support, and to see which students need to be more challenged.

Professional Development

Summit Denali believes that it is possible to attract and retain talented teachers by sharing a dynamic vision committed to excellence. As a result, Everest invests heavily in professional development for our staff. Professional development starts with every Everest teacher an empowered, self-directed and continuous learner who is working to improve student outcomes every day. We know that providing students with high-quality, high-impact teachers is one of the most important factors in their success.

Every year the faculty works together to look at student achievement data and to reflect on the previous year to determine goals for the next school year. For example, recent school goals include creating and maintaining a college-bound culture, actively engaging students in learning, creating a sense of belonging and ownership, and making progress in our work daily. These goals then inform the work that we do as a faculty and the individual goals of each teacher.

Teachers professionally develop skills and knowledge focused on enabling high-impact activities with every student, every day. We do this through an innovative professional development program in which:

Every teacher participates in 40 days of professional development each year.

Every teacher has access to professional development experiences that are personalized to meet their needs, goal-driven, and supported by high-quality tools and resources, such as workshops, collaboration with colleagues, peer observation, support from external partners, and individual coaching from site administration.

Every teacher's development is linked to student success.

Every teacher has the opportunity to share best practices and collaborate with his or her peers to ensure we are always providing students with the highest quality education.

These professional development experiences must ensure that teachers are empowered to drive their own development, growth and improvement. Every teacher has about one hour per day to plan individually or to work with other department members for collaborative planning. Each week, approximately 3 hours of time is allotted for staff meeting time; this time is broken down in to full faculty planning for common goals, visions, and school wide concerns, grade level time, and time for teams and individuals can work towards meeting goals set forth on their personal educator plans (PEPs)."
