## 2022-2023 School Accountability Report Card

(Published During the 2023-2024 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2023-24 School Description and Mission Statement

Summit Public School: Shasta is a public charter school authorized by the Jefferson Union High School District. Summit Shasta is located in Daly City. Summit Shasta welcomed its first class of 9th graders in August of 2013 and now serves grades 9-12.

### OUR MISSION

To collectively prepare a diverse community of young people with the skills, knowledge, and habits to attain economic empowerment and success in a chosen concrete next step toward a fulfilled life.

We believe deeply that every student is capable of college and career readiness and should have access to high-performing public schools to prepare them for success in college, career, and life.

While some students will select career paths or community colleges, the preparation for attending a four-year college will help them avoid the academic and skill deficit that results from placement in a non-college prep, high school diploma program.

These children are our future and it is our responsibility, as the public education system to prepare them to be active, productive citizens.

### THE SUMMIT EXPERIENCE

We ensure that every minute of every day is a high quality learning experience for our students.

We focus on developing our students in the Four Elements of College and Career Readiness, as well as the core characteristics of respect, responsibility, courage, compassion, integrity and curiosity.

Our program consists of the following elements:

**Project Time:** Our students are innovators, creators, and problem-solvers. They develop these invaluable skills by participating in rich and collaborative deeper learning projects and experiences facilitated by our outstanding teachers.

**Mentor Time:** Our students have mentors who individually support them through their goals. Students lead weekly 1:1 meetings with their mentor, where they review their Personalized Learning Plan, track their progress and reflect on their learning.

## 2023-24 School Description and Mission Statement

Mentors also serve as college counselors, coaches and family liaisons, ensuring their mentees are excelling inside and outside of the classroom every day

Self Directed Learning time: Summit students learn their academic content at their own pace, and in the style they learn best. They learn through a combination of playlists, peer-to-peer coaching, and 1:1 tutoring from their teachers. Each week, our students set goals, make a plan, learn, show what they know, and reflect.

Support Block: Every students is engaged in the appropriate level of support based on their goals and progress towards graduation requirements. During this tiered intervention time students receive small group support, services aligned to IEP goals, Multilingual support and content specific tutoring.

Mentor Time: Our students meet together each week in their mentor groups to engage in discussions about issues that are important to them. These dialogues underpin the Summit community's core characteristics of respect, responsibility, courage, compassion, curiosity, and integrity, while exploring topics such as vulnerability, motivation, and self-advocacy.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

## 2020-21 Teacher Preparation and Placement

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## 2021-22 Teacher Preparation and Placement

Authorization/Assignment	School Number	School Percent	District Number	District Percent	State Number	State Percent
<b>Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)</b>	18.90	74.27	183.60	78.75	234405.20	84.00

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

Authorization/Assignment	2020-21	2021-22
Permits and Waivers	0.00	0.10
Misassignments	6.00	2.00
Vacant Positions	0.00	0.00
Total Teachers Without Credentials and Misassignments	6.00	2.10

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

## Credentialed Teachers Assigned Out-of-Field (considered “out-of-field” under ESSA)

Indicator	2020-21	2021-22
Credentialed Teachers Authorized on a Permit or Waiver	2.70	0.50
Local Assignment Options	0.00	0.00
Total Out-of-Field Teachers	2.70	0.50

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

## Class Assignments

Indicator	2020-21	2021-22
<b>Misassignments for English Learners</b> (a percentage of all the classes with English learners taught by teachers that are misassigned)	18.6	14.2
<b>No credential, permit or authorization to teach</b> (a percentage of all the classes taught by teachers with no record of an authorization to teach)	14.5	9

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

## School Facility Conditions and Planned Improvements

"New for the 18-19 school year, Summit Shasta is located at 905 Campus Drive in Daly City. The facility was built on land owned by the Jefferson Union School District, for which Summit has a 99-year ground lease. The current site consists of four buildings, including classrooms, admin offices, a servery, bathrooms, and a gymnasium.

Each classroom at the current site has an available LCD projector and the entire site was equipped for wireless internet. There is a separate student and teacher network. All teachers have school laptops, and all students have their own Chromebooks.

Summit Public Schools is responsible for major maintenance and code compliance of the facilities. Summit Shasta's building is in compliance with all fire, safety, and seismic codes (including fire sprinklers).

The facilities are well maintained and in good condition and were adequate for the delivery of the SPS instructional program. Summit Public Schools: Shasta contracts directly for custodial services and the facilities are cleaned on a daily basis."

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23
<b>English Language Arts/Literacy</b> (grades 3-8 and 11)	84	76	64	58	47	46
<b>Mathematics</b> (grades 3-8 and 11)	45	49	32	32	33	34

## 2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

## 2023-24 Opportunities for Parental Involvement

Summit Public Schools: Shasta recognizes that students learn best when parents are involved in their learning and their learning community. Almost all current research indicates that parental involvement is the single most important ingredient to student success after socioeconomic status. Accordingly, Summit Shasta actively reaches out to parents and encourages them to be involved in the school in many ways. The Shasta Parent Organization is responsible for coordinating Shasta volunteer needs and activities, and recording volunteer participation. The SPO management team strives to match school needs with the interests and schedules of each family and values input from the entire Shasta community. SPO is divided into 2 functional committees. The committees are as follows: Special Activities Group and Senior Committee. Some examples of volunteer opportunities include:

Driving, chaperoning, or helping to plan the school community day

Organizing social events for the wider parent community

Doing data entry, mailings, translations and other community outreach

Assisting with open houses and other recruitment outreach

Helping with the college process

Assisting with schools and clubs and sports

Working to help keep our facility clean and safe

## 2023-24 School Safety Plan

It is the policy of Summit Public Schools to strive for the highest safety standards and to provide a safe workplace for all employees and a safe school for all students.

School Safety plans are located in the front office, and include procedures for fire drills, earthquake drills, shelter-in-place drills, chemical release incidents, and intruder incidents. There are also appropriate evacuation drills. The safety plan is reviewed and updated each August, and faculty receive training in August, and ongoing as needed.

The School also complies with the Education Code requirement that each new employee be fingerprinted for the purpose of obtaining a criminal background check as a condition of employment. Summit Shasta follows standard health and safety practices as required by State and local law .

All visitors to the school are required to sign in and indicate the purpose of their visit. No unauthorized visitors are allowed on the campus. The School practices close communication with parents, such as calling home when a student is sick or in the case of a medical emergency to ensure the health and safety of the student body.

## 2020-21 Secondary Average Class Size and Class Size Distribution

This table displays the 2020-21 average class size and class size distribution. The columns titled "Number of Classes" indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

## Fiscal Year 2022-23 Types of Services Funded

At Summit Shasta, we have many different types of programs and services available at the school that support and assist students. Those are:

**Office Hours** - before or after school, there are about 5 hours where students can come get support from their teachers and peers outside of the regular school day. During these office hours, teachers are available to support students in their learning of content, practice on skills they haven't mastered yet, or to get work done in a quiet and safe place.

**Summit Reads** - during the school day, we also offer times where students can get support in their reading or take enrichment classes to development literacy skills. There is a dedicated time everyday when students are required to read, and we use data to decide what level of support students need in their reading. Students who are reading at grade level are offered literacy enrichment courses like creative writing and SAT/ACT prep. Students reading below grade level use a reading remediation program to support them in actually learning the skills necessary to get back to grade level.

**Summit Solves** - similarly to Summit Reads, during the school day, we offer times where students can get support in their numeracy. This is a dedicated time everyday when students are required to work on math, and we use data to decide what level of support students need in their numeracy. Students who are at grade level with their numeracy are offered opportunities for numeracy enrichment like Engineering and AP Calculus Prep. Students who are below grade level have small, teacher-driven numeracy remediation to learn remedial mathematics skills.

**Peer tutoring** - during the day, as well as after school, we also have times where students support other students academically. Peer tutoring is used widely by students to get help on content or skills for their courses.

**iXL** - is a program we use to support students in their reading. It is a program designed to teach students how to improve in their reading, with exercises and tests that have proven growth in comprehension, scanning, and reading speed.

**Mentor Check ins** - every student, every week, has an extended check in with their mentor. During this check in, mentors use this as an opportunity to support students in goal-setting, making plans, advocating for them, and how to improve their learning habits. This is a structured time where mentors can get at the root causes of why students need support.

**Seneca Services**- 1 day a week, a mental health professional is on-campus to hold drop-in hours for students that need additional support. Any students is able to sign-up for an appointment with the counselor.

**Data** - we also have a dedicated time for teachers to look at achievement data and meet in teams to dissect and make plans for students who need support. Every week, there is a time for data to be looked at to help students make plans, identify students who need more targeted support, and to see which students need to be more challenged.

## Fiscal Year 2021-22 Teacher and Administrative Salaries

## Professional Development

Summit Shasta believes that it is possible to attract and retain talented teachers by sharing a dynamic vision committed to excellence and creating a professional learning environment where staff can learn and grow along with our students. To this end, Summit Shasta invests heavily in professional development for our staff. Every Summit Shasta teacher is an empowered, self-directed and continuous learner who is working to improve student outcomes every day. We know that providing students with high-quality, high-impact teachers is one of the most important factors in their success.

Professional Development

Teachers professionally develop skills and knowledge focused on enabling high-impact activities with every student, every day. We do this through an innovative professional development program in which:

Every teacher participates in 40 days of professional development each year which take place every four to six weeks for two weeks at a time while students are participating in their elective courses and community outreach programs.

Every teacher has access to professional development experiences that are personalized to meet their needs, goal-driven, and supported by high-quality tools and resources.

Each week, approximately 3.5 hours is allotted for staff meeting time; this time is broken down in to full faculty planning for common goals, visions, and school wide concerns, grade level time, and time for teachers to meet in teams to improve their course curriculum and pedagogy.

Teachers also have 1 coaching meetings each week with an administrator where they can reflect and work towards meeting goals set forth through regular goal-setting meetings.

This table displays the number of school days dedicated to staff development and continuous improvement.
